WOMAN SUSPECT IS ARRESTED

Supposed That She Is Mrs.
Bella Guinness.

MAKES INDIGNANT DENIAL

Suspect Declares That She Is Mrs. L.
A. Herron of Chicago—Another Body
Found on the Guinness Farm at
Laporte.

Utica, N. Y., May 9.—The Syracuse
police officials took a woman from a
train reaching here from the West on
suspicion that she might be Mrs.
Bella Guinness, the alleged Laporte
murderess.

The officers were informed from
Rochester that the woman answered
the description of Mrs. Guinness and
they boarded the train at Syracuse.

The woman was asleep and the
train pulled out while she was dress-
ing and the officers came on here. Ar-
riving at this station the woman said
that she was Mrs. L. A. Herron and
that she was a widow from Chicago
on the way to New York to visit her
sister. She said that she had been
visiting her old home in Franklin, Pa.,
and that she took the train at Ashta-
bula, O. She resembles in many par-
ticulars the pictures published of Mrs.
Guinness, but the officers are in doubt
as to her being the woman wanted.
She is stylishly dressed in black and
her costume is that of a widow.

She declares herself the widow of
a Chicago manufacturer who died last
January. When she was brought into
the station here she partially broke
down. She was accompanied by a
benevolent looking, well dressed old
lady who she said was her mother.

When questioned by the officers she
manifested much indignation and pro-
duced letters connecting her with a
place in Philadelphia. She had a
large heavy suit case which she said
contained maple sugar and which she
told the officers to handle with care.
The officers took the woman back to
Syracuse.

ANOTHER BODY FOUND.

Making Tenth Person to Meet Death
on the Guinness Farm.

Laporte, Ind., May 9.—One more
body has been added to the death roll
of the Guinness farm and the gruesome
relics now number ten.

Coroner Mack had at first an-
nounced that the latest grave opened
contained one complete cadaver and
portions of a second, but later said
that what he had at first believed to
be additional thigh or arm bones are
really pieces of the first.

Developments in the case came
thick and fast, each additional cir-
cumstance brought to light being of
a nature to strengthen the charge
against Ray Lamphere, who is accused
of first degree murder because of the
death of Mrs. Bella Guinness and her
three children. Lamphere sent a re-
quest to H. F. Worden

asking the latter to send to the farm
of John Wheatbrook for the trunk
which Lamphere left there when he
was arrested April 28.

But before this word had reached
the attorney the trunk had been con-
fiscated by the local authorities. It
contained a number of letters written
by Mrs. Guinness to Lamphere, after
the latter had taken employment at
the farm of John Wheatbrook, near
Springville, seven miles north of this
city. The exact dates on these let-
ters were not announced but that they
were recent is evidenced by the fact
that Lamphere went to the Wheat-
brook farm Feb. 3, 1908. The woman
wrote Lamphere urging him to return
to her farm and "to bring your sweet-
heart with you if she has money
enough." The identity of the woman
is a mystery and neither does Mrs.
Guinness mention the amount deemed
necessary. Along with the letters
were found several women's finger
rings, some of which were of unusual
size and may have been the property
of Mrs. Guinness.

Lamphere Anxious to Talk.

Lamphere evinced a desire to
break the silence which he has kept
since his arrest. To a visitor in his
cell he said:

"There are some things I would like
to talk about, but my attorney has
told me not to say anything about my
troubles to anyone. But there are
some things which I think might be
talked about and not hurt my case
any. They might even help me if
they became known."

Other important developments in-
cluded the following:

Peter Colson, a new witness in the
case, told R. N. Smith, the prosecut-
ing attorney, that Ray Lamphere had
acknowledged attempts to blackmail
Mrs. Guinness. This is considered
definitely establishing a motive for a
disagreement between Lamphere and
the woman, which resulted later in
the burning of the farmhouse.

Mrs. Leo Greening said that her son
Emil, who formerly worked on the no-
torious farm, saw two strangers at
the place the night that Jennie Olsen
disappeared in November, 1906. Emil
Greening is now in Oklahoma City and
the sheriff's office will try to commu-
nicate with him in the hope of estab-
lishing the fact that Mrs. Guinness
had accomplices in the murders at her
place.

Matt and Oscar Budsberg departed
for Iowa, Wis., after making arrange-
ments to have the body of their father,
Ole O. Budsberg, shipped to that town

as soon as the coroner releases it for
burial. Before their departure the
boys made inquiry as to the watch
found in the ruins in the farmhouse,
saying that their parent purchased a
new timepiece just prior to his de-
parture from the Wisconsin town in
March, 1907.

Sheriff Grieco, Chief of Police An-
genberk and Dr. White, all of Fort
Wayne, visited the Guinness farm and
had a long conversation with Sheriff
Smutzer of Laporte county. None of
them would reveal the object of their
visit and all refused to discuss a re-
port that they were searching for a

missing resident of Fort Wayne.
Rumors that there were dissensions
among the officials who are investigat-
ing the tragedies were in circulation.
These differences are said to be based
upon a factional political fight. The
men who are said to be involved in it
would not discuss the matter for pub-
lication.

The Pinkerton detectives who were
brought here at the instigation of
Sheriff Smutzer have begun their in-
vestigation.

The resumption of excavation at
the Guinness farm again drew an im-
mense crowd of spectators. The rush
of visitors has become so great that
some of the local liverymen have es-
tablished a regular bus line from the
downtown district to the farm.

The premature announcement by
Coroner Mack that two bodies had
been discovered only served to in-
crease the rush of curiosity seekers.
The scraps of humanity were found in
the barnyard. About four feet be-
low the surface, the excavators en-
countered bits of bone and burlap and
a few strokes more of the spades and
hoes revealed the decomposed torso
and leg and arm bones.

Corpse Was Dismembered.

The body was by far the least pre-
served of any of the ten gruesome
relics. In addition to the usual traces
of lime, the evidences were that a
less skillful hand had accomplished
the dismemberment of the latest
corpse found. The legs had been, as
usual, severed above the knee joint
but the bones were splintered and the
shoulder blades shattered. The skull
had been separated and was lying
near the feet of the corpse. Nothing
but a jumbled heap of dried flesh and
crumbling bones were left to indicate
the identity of the person. It was
thought, however, that the body was
that of a woman, as a pair of woman's
Oxford ties and the metal frame of a
woman's purse were found in the
grave.

While the several investigations
were going on at the farm, Prosecutor
Smith, aided by Deputy Sheriff Roy
Marr, was collecting additional evi-
dence concerning Lamphere's alleged
participation in the deaths of Helge-
lein, Mrs. Guinness and her three
children.

One of the first new witnesses found
was Colson. Mr. Smith has been en-
deavoring to establish a definite dis-
agreement between Lamphere and the
Guinness woman, and when Colson re-
vealed the conversation in which Lam-
phere declared his ability to get money
and clothing from the woman, the
prosecutor felt that in this respect, at
least, his work had been successful.
According to Colson, Lamphere said
a few days before the fire of April 28:
"I made her get down on her knees
last night, and I am going to make
her get down tonight, unless she
comes up with some money."

"I know things about her that would
raise an awful row if they were told.
She bought me this suit of clothes
that I am wearing, but she doesn't
like to come up with the coin and that
is what I need and must have."

TANK STEAMER ASHORE.

Crew of the Vessel Not in Any Imme-
diate Danger.

New York, May 9.—The flare of a
coston light burning red in the fog
blankets that enshrouded the Atlantic
was the signal to the beach patrol of
the Chadwick lifesaving station that
a vessel—the tank steamer Washtenaw
loaded with oil from Sabine Pass,
Tex.—was fast on the sand keys that
skirt the shores of Monmouth Beach,
N. J., twenty-five miles south of Sandy
Hook. The Washtenaw lies within
300 feet of the beach in the pitch and
pound of turbulent seas.

The oil carrier is in no immediate
danger and her crew of thirty-six have
not been taken off by the lifesavers.

A Lyle gun carried a line to the oil
tank and one of the crew was brought
ashore in the breeches buoy. He re-
ported that the Washtenaw was
wedged fast, but was standing buff-
eting seas without much difficulty
and that it was hoped to get her off
on the next flood tide.

The Washtenaw belongs to the
Union Steamship company. She has
2,897 gross tonnage and is 315 feet in
length.

Heavyweight Fight Is Fast.

New York, May 9.—Honors were
about even in a six-round bout be-
tween Jim Barry of Chicago and Joe
Jeannette, colored, of this city. Both
men are heavyweights and while the
bout lasted it was as fast a fight be-
tween big men as has been seen here
in years. No decision was rendered

Alarm in Commercial World.

Lima, Peru, May 9.—The Comercio
says that an order which has been is-
sued to the banks to retain the funds
of political prisoners arrested in con-
nection with the recent futile revolu-

impression and produced alarm in the
commercial world. The paper adds
that it is necessary that the evil ef-

PRESIDENT SUPREME
 Informs Senators He Is Commander of War Forces.

CREATE INTENSE FEELING
 Members of the Upper House of Congress Angered Over Communications From the Chief Executive—May Result in Republican Conference.

Washington, May 9.—Three members of the United States senate have received letters from President Roosevelt within the past few days declaring his supremacy, as commander-in-chief, in all matters referring to the control of the army and navy. Two of the letters have created intense feeling in the senate and it is not unlikely that they will precipitate a conference of the Republican members. The letters, in every case, are in defense of his course in discharging without honor the negro soldiers he believed to be guilty of shooting up the town of Brownsville, Tex., and his action in banishing Colonel William F. Stewart to an abandoned military post in a desert section of Arizona.

The third letter came to Senator Stewart of Vermont. A few days ago, during the debate of the Brownsville affray, Senator Stewart asked a question indicating that he had doubt as to the wisdom of extending to the president the power of passing on the innocence or guilt of ex-soldiers applying for reinstatement in view of the fact that the president still believes that the negroes have been guilty of participation in the affray. The senator was surprised to receive from the president a letter bearing on both the Colonel Stewart and the Brownsville cases. Attached to the communication were letters to Senators Rayner and William Alden Smith, the one to Mr. Rayner asserting chiefly the president's right as commander-in-chief to deal with an officer in such manner as he pleased, while that to Mr. Smith was confined to the Brownsville affair and reiterated the president's belief that he had dealt with the case as conditions demanded.

The president went farther still in his letter to Senator Stewart. In addition to repeating much that he said to the other senators, he declared that Senator Stewart, from the question asked in the debate, appeared to be proceeding under a misapprehension of the duties of the president of the United States, in connection with the army and navy. He quoted the law as he understands it and denied that he was under any obligations to give to the discharged negro soldiers or to Colonel Stewart any court of inquiry. Several paragraphs were devoted to a discussion of Colonel Stewart's case and the faults of his, which have put him in disrepute in army circles. After this discussion the president wrote that in every community there is found maudlin sympathy with murderers, and the Thaw case in New York is cited by him as an example.

LITTLE PROGRESS MADE.
 Senate Considers Agricultural Appropriation Bill.

Washington, May 9.—But little progress was made in the senate on the agricultural appropriation bill, the session being devoted to a discussion upon the principle of forest reserves and the administration of that service. Senator Teller concluded his remarks in opposition to a lump sum appropriation of \$500,000 for the further development of the forest reserve system. Senator Nelson of Minnesota and Senator Dolliver of Iowa spoke in support of the reserve service.

Senator McCumber, chairman of the committee on pensions, called the attention of the senate to a deadlock among conferees on the pension appropriation bill on the senate amendment requiring a continuance of the present system of having the pension fund disbursed through eighteen pension agents located throughout the country instead of through a single agent in this city. Many senators expressed the desire that the conferees should insist on the senate amendment.

WIN THEIR FIGHT.
 Officers and Men of the Army Will Get More Money.

Washington, May 9.—The officers and enlisted men of the army won their fight for increased pay when the house of representatives after a debate of two hours agreed to the conference report on the army appropriation bill. An appropriation of \$7,000,000 was made for the purpose, \$5,000,000 of which will go to the enlisted men. Nine hundred and forty-two officers on the retired list also will benefit by the increase. Under suspension of the rules bills were passed placing the Porto Rico regiment of infantry on a permanent basis and authorizing additional aids to navigation in the lighthouse establishment.

BAPTIST MEETINGS

Meetings at the Baptist Church
Prospering--Meeting in Mill Dis-
trict This Evening

The service at the Baptist church last evening was of unusual interest and power. The sermon on the theme "Remember Jesus Christ" may without qualification be called a great sermon. It is not often one is privileged to hear a discourse like that. It dealt with great facts in simple language, and was aptly illustrated. Mr. McKinley emphasized the need of keeping in mind as one would a dear friend, Jesus Christ in his relations to us. Especially in the three great facts of history, viz. Jesus Christ crucified for the sin of the world, Jesus Christ risen from the dead and ascended to the right hand of God and Jesus Christ coming again. The congregation was profoundly moved, as the speaker unfolded this great vital truth, no one present felt the need of questioning whether the gospel is played out, and needs to be bolstered up by questionable substitutes of any kind.

This evening the services will be held in the Mission chapel, East Brainerd. Mr. McKinley preaches Sunday morning and evening, also each evening during the coming week.

He Got What He Wanted
"Nine years ago it looked as if my time had come," says Mr. C. Farthing of Mill Creek, Ind. Ter., "I was so run down that life hung on a very slender thread. It was then my druggist recommended Electric Bitters. I bought a bottle and I got what I needed—strength. I had one foot in the grave, but Electric Bitters put it back on the turf again, and I've been well ever since." Sold under guarantee at H. P. Dunn's drug store. 50c. ttdsw

stated to a reporter this morning that they were passing through the state of Ohio the day that James Buchanan was elected president. Cold weather coming on they stopped in Galena, Ill., for the winter, coming to Hastings, Minn., in the spring of 1857. At one time Mr. Keibler was offered the lots now occupied by the the Nicollet hotel, in Minneapolis, for \$300, on time. After living fourteen years in Hastings they removed to Carleton and then came to Brainerd 36 years ago, when there were but about half a dozen buildings in the city, and have resided here ever since.

Mrs. Keibler leaves her aged husband and three children, Mrs. Elizabeth Witham and Joseph Keibler, Jr., of this city, and Julius Keibler, of Winnipeg, to mourn her, all of whom were with her when she passed away. There are nine grandchildren. Mrs. Julius Keibler and little one are expected from Winnipeg Sunday morning. The deceased was a woman of sterling character, beloved by all who knew her and will be sadly missed by all the old settlers as well as by the immediate family.

BASE BALL NOTES

City League

PROFESSIONAL AND BUSINESS MEN VS.
RETAIL CLERKS

This was the opening game for the City League and the two managers, Ole Peterson and Dr. Hoorn added much enthusiasm to their team mates. The clerks had a full-fledged clerk's team but the professional men had three or four substitutes, owing to the fact that some of their original team mates failed to show up. Shaw, a big fellow, who is here for a few days with the Unique, was the moving spirit of the game, he knew the game from start to finish and what he wouldn't do to push the game was not worth doing.

Following is the score by innings:
Business Men.....0 5 0 2 4—11
Clerks.....3 0 0 1 1—5
Home run—Peterson, Drogseth; hit by pitched ball—Lausted. Game called at 4 p. m.

Y. M. C. A. VS. NORTH STARS

This was a practice game for both teams and was the first time that the

Y. M. C. A. team had ever lined up against another team. While the score was against them yet they did not put up a bad game. J. H. Deering, who pitched for the "Y" will help matters very materially before the season is out. Among others he took the scalps of two North Star players who rarely ever fall victims to a pitcher's curves. Score by innings:

Y. M. C. A.....0 0 0 0 4—4
North Stars.....5 0 3 0 x—8
Home run—Parker; x4½ innings only. Game call at 6:30 p. m.

Enoch Arden

The Duluth News Tribune of a recent date has the following concerning Mrs. Nelson, who will give a reading of Enoch Arden at the Congregational church Tuesday night:

"Mrs. Mary A. Nelson made her first appearance before a Duluth audience last night at Flaaten's auditorium, reading "Enoch Arden" to Strauss' musical accompaniment, played by Miss Grace Frances Turner. Mrs. Nelson, has a particularly beautiful voice, rich, sympathetic and well trained, and was heard to especially good advantage. An exceedingly critical audience, composed of the club women of the city, was present, and the speaker easily stood the test, placing herself in the foremost ranks of local public readers. *** No one has ever read it better here, since Laura Frankfield and Marx Oberndorfer gave it, three years ago, than did Mrs. Nelson, and the appreciation of her audience was freely extended. She is young and great things may confidently be expected of her.

WEEKLY REVIEW OF TRADE

Conditions Show But Very Little Change.

New York, May 9.—Bradstreet's review of trade says weather, trade and industrial conditions are little changed from last week and farm work, retail and jobbing business and the movement of old crops to market has been restricted by heavy rains, low temperatures, or bad roads. The only notable exceptions to this are found on the Pacific coast and at a few Southwestern centers. Reports from the leading industries are still a great quiet. Manufacturers feel the lack of confident buying by jobbers, and wholesalers in turn report final distributors cautious and buying only what they need to replenish broken stocks. The textile trades are dull

and on short time, but cotton goods men are more confident that bottom prices have been reached. The iron and steel industries show little change. Pig iron is dull and weaker and prices are claimed to be down to cost of production. Some finished products are weaker but, on the other hand, the leading interests assert prices will be maintained. The leather trade is rather quiet, and Eastern shoe shipments are 30 per cent off from 1907. Collections are still backward as a whole.

PREPARED INSTANTLY. Simply add boiling water, cool and serve. 10c. per package at all grocers. 7 flavors. Refuse all substitutes.

Cost more but are worth it. Ball bearing, high grass 11 inch wheels, 4 knife, easy running, smooth cutting, 16, 18 and 20 inch, price \$10.50, \$11.00 and \$11.50.

The Winner Lawn Mower

Both in ball and plain bearings, all high wheel, worth more than we ask, a high grade mower, 14 to 20 inches—Prices \$5.75 to \$7.00 at your door—no freight to pay.

The Run-Easy Lawn Mower

BAPTIST MEETINGS Meetings at the Baptist Church Prospering--Meeting in Mill Dis- trict This Evening

The service at the Baptist church last evening was of unusual interest and power. The sermon on the theme "Remember Jesus Christ" may without qualification be called a great sermon. It is not often one is privileged to hear a discourse like that. It dealt with great facts in simple language, and was aptly illustrated. Mr. McKinley emphasized the need of keeping in mind as one would a dear friend, Jesus Christ in his relations to us. Especially in the three great facts of history, viz. Jesus Christ crucified for the sin of the world, Jesus Christ risen from the dead and ascended to the right hand of God and Jesus Christ coming again. The congregation was profoundly moved, as the speaker unfolded this great vital truth, no one present felt the need of questioning whether the gospel is played out, and needs to be bolstered up by questionable substitutes of any kind.

This evening the services will be held in the Mission chapel, East Brainerd. Mr. McKinley preches Sunday morning and evening, also each evening during the coming week.

TRUST COMPANY ASSIGNS

Cleveland Concern Forced to Go Out
of Business.

Cleveland, O., May 9.—The Euclid
Avenue Trust company has made an
assignment to the Cleveland Trust
company. No statement relative to
liabilities or assets was given in the
assignment deed. The bank was capi-
talized at \$200,000. J. P. Madigan,
county treasurer, is the president of
the institution. It is understood that
the deposits amount to between \$1,
200,000 and \$1,300,000. President
Madigan stated that every depositor
would be paid in full. Madigan added
that the failure was brought about by
inability to make collections. The
clearing house representatives of the
trust company refused to clear for
the bank and this action resulted in
the closing of its doors. The bank
was reorganized several months ago.
Leading bankers declare the failure
was not unexpected and that it will
in no wise affect any other financial
institution in the city.

Superintendent Killed.

Marietta, O., May 9.—Superinten-
dent Joseph Young of the county in-
firm, injured in an explosion and
fire which destroyed a portion of that
institution, is dead. His body was
burned and his right leg was shattered
by jumping from a window. The loss
is \$2,000. Several of the 200 inmates
sustained slight injuries. After a
temporary panic the inmates organ-
ized a fire brigade and saved the
building.

Loss of Sleep

EXHAUSTED NERVES.

Nature always gives ample warning of the
approach of nervous collapse, if you can but
read the signs. Among the earliest indications
of nervous exhaustion is inability to rest and
sleep. You lie awake and think, think, think
but cannot quiet your brain and nerves to sleep.
Opium and narcotics cannot possibly af-
ford more than temporary relief and leave
you worse off than before. Cure can only be
brought about by the restoration of the nervous
system by the use of

Dr. A. W. Chase's Nerve Pills

You can be positively cured of sleepless-
ness, headaches, and nervous dyspepsia and
stop the approach of nervous prostration,
paralysis or loco-motor ataxia by the use of
this treatment. Be sure to see the portrait
and signature of A. W. Chase, M. D., on
the box, 50 cents at all dealers, or Dr. A. W.
Chase Medicine Co., Buffalo, N. Y.

Mrs. C. G. Heckenlively, Angola, Ind.,
states:

"I have used Dr. A. W. Chase's Nerve Pills
for sleeplessness and a run down nervous
system with excellent results. They give
sleep in the right way, not by the opiate plan,
but by their tonic and upbuilding effect on
the nerves."

REVIEWS THE FLEETS

Secretary Metcalf Inspects the
Big Battleships.

FAREWELL TO HIS OFFICERS

Admiral Evans Makes a Parting Ad-
dress to the Officers Who Assisted
Him in Taking the Atlantic Battle-
ship Fleet to San Francisco.

San Francisco, May 9.—The com-
bined Atlantic and Pacific fleets of
battleships, armored cruisers, torpedo
boat destroyers and auxiliaries, ag-
gregating in weight of displacement
the enormous total of more than 400,
000 tons—the greatest assemblage of
armorclads thus far to mark the pro-
gress of the American navy to second
rank among the floating forces of the
world—were reviewed in picturesque
San Francisco harbor by Secretary of
the Navy Metcalf. The forty-four ves-
sels of the two fleets lay at anchor
in four long columns and, starting
from the Oakland shore, the secretary
on board the little gunboat Yorktown
proceeded southward through the lines
formed by the armored cruisers of the
Pacific fleet, nearest the Oakland
shore and the Second squadron of the
Atlantic fleet headed by the Minneso-
ta. Turning back to the north at the
end of these two lines, the Yorktown
traversed the lane formed on the star-
board by the battleships of the First
Atlantic squadron and on the port by
the grim little destroyers.

Rear Admiral Evans, who had hoped
to end his active naval career by par-
ticipating in these official ceremonies,
was not permitted by his attending
physician to go aboard the Connecti-
cut. Rear Admiral Charles M. Thomas
was again the senior officer.

EVANS SAYS FAREWELL

Admiral Takes Leave of Officers of
His Command.

San Francisco, May 9.—Rear Ad-
miral Evans made a personal farewell
to the officers of his command at the
banquet given in honor of the visit of
the Atlantic fleet by the city of San
Francisco. He was wheeled into the
room and in a fifteen-minute address
declared that what is needed to pre-
serve the peace of the world is more
battleships and fewer statesmen. As
to armor belts, the admiral declared it
made no difference whether they were
at the water line or whether they
were made of leather, wood or egg-
shells.

"It is the men who can shoot the
straightest and stand punishment the
longest who win battles," he declared,
"and it is of such stuff that the Ameri-
can navy is made."

The admiral was cheered time and
again.
Admiral Evans has gone on the re-
tired list on account of age.

FIRE AT ATLANTA.

Destroys Property Valued at Over a
Million Dollars.

Atlanta, Ga., May 9.—One million
and a quarter dollars is the loss con-
servatively estimated of a fire which
swept two blocks of Atlanta business
property.

The fire is under control with ruined
buildings in the district bounded by
Forsythe, Nelson, Madison and Hun-
ter streets. The fire was discovered
in the building occupied by the
Schlessinger-Meyer company bakery.
From there it ran its way in all direc-
tions until it struck the Terminal
hotel and in numerous other smaller
hotels in the district had warning.
There was no loss of life and no in-
juries.

One of the heaviest losers is S. M.
Imman of Atlanta, who owned the en-
tire block bounded by Forsythe,
Mitchell and Nelson streets and Mad-
ison avenue, and in which were located
the Schlessinger-Meyer company, Branch
B of the city postoffice, the Liquid
Carbonic company, a branch of
the Central Trust and Banking
company and many smaller concerns.

FIVE OF THE MEN DROWNED

Launch Carried Under a Fleet of
Empty Coal Barges.

East Liverpool, O., May 9.—A gaso-
line launch on the Ohio river near
here occupied by nine young men be-
came disabled and was carried under
a fleet of empty coal barges. Five of
the men were drowned.

The party had gone up the river in
the launch and when opposite the
Chester tin mill the engine became
disabled. The current swept the boat
to the shore of Babb's island, where
a fleet of empty coal barges was
anchored. Despite heroic efforts the
craft was swept under the barges.

St. Paul Man Stabbed.

St. Paul, May 9.—Michael Gavin,
night clerk at the new Grand hotel,
Eighth and Robert streets, was
stabbed by an unknown negro and it
is thought that his injuries may prove
fatal. The police are scouring the
city for the assailant and although
they have a good description of him
they have been unable to locate him.
Gavin ordered the negro to leave the
hotel because he could not pay for a
room.

IT'S YOUR KIDNEYS

Don't Mistake the cause of Your
Troubles. A Brainerd Citizen
Shows How to Cure Them

Many people never suspect their kid-
neys. If suffering from a lame, weak
or aching back they think that it is
only a muscular weakness; when urinary
trouble sets in they think it will soon
correct itself. And so it is with all the
other symptoms of kidney disorders.
That is just where the danger lies.
You must cure these troubles or they
may lead to diabetes or Bright's dis-
ease. The best remedy to use is Doan's
Kidney Pills. It cures all ills which
are caused by weak or diseased kid-
neys. Brainerd people testify to perma-
nent cures.

Mrs. S. Brain, of 601 S. 10th St.,
Brainerd, Minn., says: "I could not do
otherwise than endorse Doan's Kidney
Pills and time after time I have recom-
mended them to persons suffering from
kidney trouble. When I first procured
Doan's Kidney Pills at H. P. Dunn's
drug store I was suffering from severe
symptoms of kidney complaint. There
was a constant dull aching in my back
and the kidney secretions were irregu-
lar and unnatural in appearance. From
both these causes my rest was broken
at night and in the morning I was usu-
ally languid and tired. Doan's Kid-
ney Pills made a great change in my
condition and after continuing their
use I was so vastly improved that I felt
warranted in recommending them
through the local papers. I also found
that Doan's Ointment is unequalled for
itching and bleeding hemorrhoids."

Woman Was Murdered.

Watertown, N. Y., May 9.—Coroner
Charles E. Pierce has rendered a ver-
dict in the case of the late Sarah
Brennan, whose body was found re-
cently in a trunk at Brownville. He
finds that the deceased came to her
death from wounds on the head in-
flicted by Mary Farmer.

A Lazy Liver

May be only a tired liver, or a starved
liver. It would be a stupid as well as
savage thing to beat a weary or starved
man because he lagged in his work. So
in treating the lagging, torpid liver it is
a great mistake to lash it with strong
drugs. A torpid liver is but an
indication of an ill-nourished, enfeebled
body whose organs are weary with over-
work. Start with the stomach and allied
organs of digestion and nutrition. Put
them in working order and see how
quickly your liver will become active.
Dr. Pierce's Golden Medical Discovery
has made many marvelous cures of "liver
trouble" by its wonderful control of the
organs of digestion and nutrition. It re-
stores the normal activity of the stomach,
increases the secretions of the blood-mak-
ing glands, cleanses the system from poi-
sonous accumulations, and so relieves the
liver of the burdens imposed upon it by
the defection of other organs.

If you have bitter or bad taste in the morn-
ing, poor or variable appetite, coated tongue,
flat, foul breath, constipated or irregular bowels,
feel weak, easily tired, despondent, frequent
headaches, pain or distress "small of back,"
gnawing or distressed feeling in stomach,
perhaps nausea, or "sour" "risings" in
throat after eating, and kindred symptoms
of weak stomach and torpid liver, no medi-
cine will relieve you more promptly or cure
you more permanently than Doctor Pierce's
Golden Medical Discovery. Perhaps only
a part of the above symptoms will be present
at one time and yet point to torpid liver or
biliousness and weak stomach. Avoid all
hot bread and biscuits, griddle cakes and
other indigestible food and take the "Golden
Medical Discovery" regularly and stick to its
use until you are vigorous and strong.

The "Discovery" is non-secret, non-alco-
holic, is a glyceric extract of native medi-
cal roots with a full list of its ingredients
printed on each bottle wrapper and attested
under oath. Its ingredients are endorsed
and extolled by the most eminent medical
writers of the age and are recommended to
cure the diseases for which it is advised.

Don't accept a substitute of unknown
composition for this non-secret medicine.

Then I was persuaded to try Dr. King's
New Discovery. It helped me immedi-

TRUST COMPANY ASSIGNS

Cleveland Concern Forced to Go Out
of Business.
Cleveland, O., May 9.—The Euclid
Avenue Trust company has made an
assignment to the Cleveland Trust
company. No statement relative to
liabilities or assets was given in the
assignment deed. The bank was cap-
italized at \$200,000. J. P. Madigan,
county treasurer, is the president of
the institution. It is understood that
the deposits amount to between \$1,
200,000 and \$1,300,000. President
Madigan stated that every depositor
would be paid in full. Madigan added
that the failure was brought about by
inability to make collections. The
clearing house representatives of the
trust company refused to clear for
the bank and this action resulted in
the closing of its doors. The bank
was reorganized several months ago.
Leading bankers declare the failure
was not unexpected and that it will
in no wise affect any other financial
institution in the city.

Superintendent Killed.
Marietta, O., May 9.—Superin-
tendent Joseph Young of the county in-
firm, injured in an explosion and
fire which destroyed a portion of that
institution, is dead. His body was
burned and his right leg was shattered
by jumping from a window. The loss
is \$3,000. Several of the 200 inmates
sustained slight injuries. After a
temporary panic the inmates organ-
ized a fire brigade and saved the
building.

Loss of Sleep
EXHAUSTED NERVES.
Nature always gives ample warning of
the approach of nervous collapse, if you can but
read the signs. Among the earliest indications
of nervous exhaustion is inability to rest and
sleep. You lie awake and think, think, think
but cannot quiet your brain and nerves to sleep.
Opium and narcotics cannot possibly af-
ford more than temporary relief and leave
you worse off than before. Cure can only be
brought about by the restoration of the nervous
system by the use of

REVIEWS THE FLEETS

Secretary Metcalf Inspects the
Big Battleships.

FAREWELL TO HIS OFFICERS

Admiral Evans Makes a Parting Ad-
dress to the Officers Who Assisted
Him in Taking the Atlantic Battle-
ship Fleet to San Francisco.

San Francisco, May 9.—The com-
bined Atlantic and Pacific fleets of
battleships, armored cruisers, torpedo
boat destroyers and auxiliaries, ag-
gregating in weight of displacement
the enormous total of more than 400,
000 tons—the greatest assemblage of
armorclads thus far to mark the pro-
gress of the American navy to second
rank among the floating forces of the
world—were reviewed in picturesque
San Francisco harbor by Secretary of
the Navy Metcalf. The forty-four ves-
sels of the two fleets lay at anchor
in four long columns and, starting
from the Oakland shore, the secretary
on board the little gunboat Yorktown
proceeded southward through the lines
formed by the armored cruisers of the
Pacific fleet, nearest the Oakland
shore and the Second squadron of the
Atlantic fleet headed by the Minneso-
ta. Turning back to the north at the
end of these two lines, the Yorktown
traversed the lane formed on the star-
board by the battleships of the First
Atlantic squadron and on the port by
the grim little destroyers.

Rear Admiral Evans, who had hoped
to end his active naval career by par-
ticipating in these official ceremonies,
was not permitted by his attending
physician to go aboard the Connecti-
cut. Rear Admiral Charles M. Thomas
was again the senior officer.

EVANS SAYS FAREWELL

Admiral Takes Leave of Officers of
His Command.

San Francisco, May 9.—Rear Ad-
miral Evans made a personal farewell
to the officers of his command at the
banquet given in honor of the visit of
the Atlantic fleet by the city of San
Francisco. He was wheeled into the
room and in a fifteen-minute address
declared that what is needed to pre-
serve the peace of the world is more
battleships and fewer statesmen. As
to armor belts, the admiral declared it
made no difference whether they were
at the water line or whether they
were made of leather, wood or egg-
shells.

"It is the men who can shoot the
straightest and stand punishment the
longest who win battles," he declared.
"And it is of such stuff that the Amer-
ican navy is made."

The admiral was cheered time and
again.

Admiral Evans has gone on the re-
tired list on account of age.

FIRE AT ATLANTA.

Destroys Property Valued at Over a
Million Dollars.

Atlanta, Ga., May 9.—One million
and a quarter dollars is the loss con-
servatively estimated of a fire which
swept two blocks of Atlanta business
property.

The fire is under control with ruined
buildings in the district bounded by
Forsythe, Nelson, Madison and Hun-
ter streets. The fire was discovered
in the building occupied by the
Schlessinger-Meyer company bakery.
From there it ran its way in all direc-
tions until it struck the Terminal ho-
tel, one of the largest in the city, and
guttered it. Everyone in the Terminal
hotel and in numerous other smaller
hotels in the district had warning.
There was no loss of life and no in-
juries.

One of the heaviest losers is S. M.
Inman of Atlanta, who owned the en-
tire block bounded by Forsythe,
Mitchell and Nelson streets and Mad-
ison avenue, and in which were locat-
ed the Schlessinger-Meyer company,
Branch B of the city postoffice, the
Liquid Carbonic company, a branch
of the Central Trust and Banking
company and many smaller concerns.

FIVE OF THE MEN DROWNED

Launch Carried Under a Fleet of
Empty Coal Barges.

East Liverpool, O., May 9.—A gaso-
line launch on the Ohio river near
here occupied by nine young men be-
came disabled and was carried under
a fleet of empty coal barges. Five of
the men were drowned.

The party had gone up the river in
the launch and when opposite the
Chester tin mill the engine became
disabled. The current swept the boat
to the shore of Babb's island, where
a fleet of empty coal barges was
anchored. Despite heroic efforts the
craft was swept under the barges.

St. Paul Man Stabbed.

St. Paul, May 9.—Michael Gavin,
night clerk at the new Grand hotel,
Eight and Robert streets, was
stabbed by an unknown negro and it
is thought that his injuries may prove
fatal. The police are scouring the
city for the assailant and although
they have a good description of him
they have been unable to locate him.
Gavin ordered the negro to leave the
hotel because he could not pay for a
room.

Woman Was Murdered.

A Lazy Liver

May be only a tired liver, or a starved
liver. It would be a stupid as well as
savage thing to beat a weary or starved
man because he lagged in his work. So
in treating the lagging, torpid liver it is
a great mistake to lash it with strong
drugs. A torpid liver is but an
indication of an ill-nourished, enfeebled
body whose organs are weary with over-
work. Start with the stomach and allied
organs of digestion and nutrition. Put
them in working order and see how
quickly your liver will become active.
Dr. Pierce's Golden Medical Discovery
has made many marvelous cures of "liver
trouble" by its wonderful control of the
organs of digestion and nutrition. It re-
stores the normal activity of the stomach,
increases the secretions of the blood-mak-
ing glands, cleanses the system from poi-
sonous accumulations, and so relieves the
liver of the burdens imposed upon it by
the defection of other organs.

If you have bitter or bad taste in the mor-
ning, poor or variable appetite, coated tongue,
foul breath, constipated or irregular bowels,
feel weak, easily tired, despondent, frequent
headaches, pain or distress in "small of back,"
swelling or distention of the stomach, or
perhaps nausea, or "bilious" risings in
throat after eating, and kindred symptoms
of weak stomach and torpid liver, no medi-
cine will relieve you more promptly or cure
you more permanently than Doctor Pierce's
Golden Medical Discovery. Perhaps only
a part of the above symptoms will be present
at one time and yet point to torpid liver or
biliousness and weak stomach. Avoid all
hot bread and biscuits, griddle cakes and
other indigestible food and take the "Golden
Medical Discovery" regularly and stick to its
use until you are vigorous and strong.

Death Was on His Heels.

Jesse P. Morris of Skippers, Va. had
a close call in the spring of 1906. He
says: "An attack of pneumonia left me
so weak and with such a fearful cough
that my friends declared consumption
had me, and death was at my heels.
Then I was persuaded to try Dr. King's
New Discovery. It helped me immedi-
ately, and after taking two and a half
bottles I was a well man again. I found
out that New Discovery is the best rem-
edy for coughs and lung disease in all
the world." Sold under guarantee at
Dunn's drug store. 50c and \$1.00.

TESTIMONIAL

ST. PAUL, MINN.
Gentlemen: I have been a sufferer from
rheumatism. I was laid up in bed and
gave up all hope of being cured.
Your remedy was recommended to me by
Chief of Police O'Connor, who said 6088
had cured him. On taking one-fourth of
the bottle I was able to get out of bed—
the first time in thirty days. I have taken
my second bottle and now consider my-
self entirely cured. I write this that
others may know of this wonderful rem-
edy. Respectfully yours,
W. M. BIRCHER

is evidence of my good faith.

GUARANTEE: If, upon taking
half of a bottle of "6088" it does not
give satisfaction, you can return the half
